

A message from BROWN INTERNATIONAL ACADEMY, IB WORLD SCHOOL

Good evening parents. This is Dr. Spates- principal of Brown International Academy. On behalf of our Family Partnership Specialist, Mr. Edward Ellis, I'd like to encourage parents to come out and help us kick-start our fresh fruits and vegetables healthy snack initiative tomorrow- Tuesday, September 20. We will meet in the cafeteria at 8:30 a.m. to prepare grapes for distribution for tomorrow afternoon's snack. We will have this same schedule on Thursday when we prepare baby carrots as that day's snack. We will utilize this same schedule for the remainder of the school year so if you are unable to help out this week, just know that you may volunteer on any Tuesday or Thursday. Come wearing your most bright and cheerful smile as there will be a news crew here filming in order to share the wonderful news of the healthy habits that we value here at Brown International Academy. We look forward to your participation. Have a fabulous evening with your family!

Please feel free to email me any questions, concerns, or suggestions.
